## COURT HOLDS BANK HEARING

COMMITTEE APPOINTED TO REPRESENT INTERESTS OF DEPOSITORS

A special session of Circuit court was held here Monday afternoon, with Judge Guy E. Smith on the bench. Matters pertaining to the affairs of the Bank of Grayling, now in the hands of a receiver—First National Bank of Bay City—were taken up.

The receivers were represented by Attorney Wm. B. Henry of Bay City. Some time ago the receivers made a statement showing book assets of the bank amounting to \$361,832.08, and liabilities amounting to \$322,204.90, leaving excess of resources of \$39,627.18. John Bruun and Henry A. Bauman, duly appointed appraisers of the resources of the bank made return of \$201,631.72. The reduction in value, it was explained, was due to the shrinkage of stocks and bonds, the Grayling Dowel & Tie Plug Co. and other concerns.

Marius Hanson, owner of the Bank of Grayling, took the witness stand and explained that the shrinkage in assets was due as explained above and also to the low values placed on the property by the appraisers. He said the Dowel and Tie Plug Co. was started about 30 years ago and that he had about \$35,000 invested in it. Later, when operated by the Tie Plug Co., it did not lose money. He had \$4,000.00 invested in the Grayling Manufacturing Co., and said that that company owed him \$26,773.71 overdraft at the bank. He said that he had over \$60,000.00 invested in these plants. He received a salary of \$500.00 per month from the bank. He said that he would claim the exemption allowed him on his home of \$1,200. He owned two automobiles, one he said was six years old and the other at about \$104 and the other four years, worth about \$250.00. Attorney Henry stated that the laws permitted exemption on one car of \$300.00. Mr. Hanson said that he had no property of any kind that has not been turned over to the receivers.

A. J. (Tony) Nelson took the witness stand and gave reasons why he believed that there should be a committee to represent the depositors that should have a voice in the matter of disposal of the real and personal property of the bank, especially as to the price to be accepted. Prosecuting Attorney Marius Hanson brot out thru the witness that it was the desire of the supervisors that such a committee be appointed and that it should have authority to pass on the sale of all property before sale could be consummated. This, Attorney Henry stated, would encumber transactions but he did agree that in case there was any dispute in the sale price that the matter would be put before the Circuit court for determination.

Accordingly such a committee was elected by the depositors present, the choice being as follows: Nelson O. Corwin, Esbern Hanson and A. J. Nelson.

## SALLING-MOORE WEDDING

Of foremost social interest was the marriage on Friday, August twenty-eighth of Miss Kristine Marie Salling, daughter of Mrs. Victor Salling to Mr. Charles Freeman Moore, son of Mr. and Mrs. Frederick W. Moore of St. Clair. The ceremony was performed before a large number of relatives and friends at four o'clock at Michelson Memorial church with Rev. J. W. Greenwood officiating.

At the appointed hour Mrs. C. G. Clippert took her place at the organ and accompanied Mrs. Harold Jarmin and Mrs. Roy Milnes as they rendered most beautifully "In a Garden of Happiness" by Wood. Mandelstam's Wedding March pealed forth and Rev. Greenwood took his place just inside the chancel followed by the groom and the best man, Mr. Blanchard W. Cleland, of Detroit, who entered from the left. Proceeding down the center aisle from the rear of the church came the ushers, Mr. Jack Moore, brother of the groom, and Mr. Nelson W. Armstrong, followed by the bridesmaids, Miss Caroline Moore, sister of the groom, and Miss Elizabeth Meistrup, niece of the bride, charmingly frocked in pink satin with jackets, hats and accessories of brown velvet and carrying arm bouquets of pink rose buds. Mrs. Arnold Smith, as matron of honor, came next wearing green chiton with brown velvet hat and shoes and carrying Tallman roses tied in bronze ribbon. Leaning on the arm of her brother-in-law, Mr. Spencer Meistrup, came the bride next, who was most lovely in an ivory satin gown, a tulle veil caught back with a wreath of lilies of the valley, and carrying a bouquet of white roses and lilies of the valley. She was met at the altar by the groom where a very impressive ring service joined them in holy wedlock.

The church had been very elaborately decorated for the occasion with garden flowers, gladioli, stocks, and dahlias with greenery, making a very attractive autumn setting. Lighted candles gleamed from behind the choir rail and candelabra of soft glowing candles added to the chancel decoration. Tall graceful bouquets had been placed here and there along the center aisle down which the wedding party passed.

Following the ceremony a reception was held at the Salling residence. In the receiving line were Mrs. Salling, mother of the bride, Mr. and Mrs. Moore, parents of the groom, the groom, bride, matron of honor, bridesmaids, and ushers. A profusion of flowers made the rooms very attractive for the reception of the guests.

The bride and groom left amid a shower of rose leaves for a trip through Canada.

Out-of-town guests included Mr. and Mrs. Spencer Meistrup, Miss Elizabeth Ann Meistrup, Junior Meistrup, Mr. O. S. Hawes, Mr. Blanchard W. Cleland, Detroit; Mr. and Mrs. E. J. Cornwall, Saginaw; Mrs. Albert Rumsey, Lansing; Mrs. Arnold E. Smith, Spring Lake; Mr. and Mrs. Frederick W. Moore, Jack Moore, Caroline A. Moore, Miss Harriet Moore, Miss Mary Moore, Mrs. Jennie H. Moore, Mrs. Franklin Moore, Miss Margaret E. Moore, Miss Laura Moore, Mrs. Reuben R. Moore, Mr. Raymond Moore, Miss Mary E. Moore, Miss Ida Talmadge, Miss Janette Maveety, Miss Frances Barnard, Mrs. Harriet C. Whiting, Miss Jennie Clark, Mr. George Clark, Nelson W. Armstrong, Mr. Floyd Haas, all of St. Clair, Mich.; Mr. and Mrs. Albert Wasey, Misses Jean and Nell Wasey, Birmingham, Mich.; Mr. and Mrs. Addison Goodman, Port Huron, Mich.; Mr. and Mrs. Justin R. Rice, Big Rapids, Mich.

## ODD THINGS AND NEW—By Lane Bode

## SCHOOL OPENS TUES. SEPT. 8TH

ONLY TWO CHANGES IN TEACHING FORCE

Each Fall in every community Labor Day is the first call for the beginning of school activities for the new year. Grayling Public Schools will start the 1931-32 session Tuesday, September 8th.

Vacations came and go until those of us who are adults think of the formal opening of school as a routine matter only, and yet every September brings its own special problems.

Right in the foreground of every mind today is the question of economy. This is as it should be, and the plan for the next year calls for the most rigid economy. However, I will agree that the educational process must continue at 100% efficiency even though teachers may have to get along without some of the supplies and equipment coveted.

It can be done. How? First by each teacher making an unusual teaching effort, second by parents taking an unusual interest in the work and lives of their boys and girls and third by the entire community uniting as a single unit to put this project across.

In the last analysis the responsibility for the success or failure of the ensuing school year rests squarely on the shoulders of every man and woman in Grayling. Please bear in mind that this is your school; take an interest in it, visit classes, make your suggestion, give the school a large share of your most vital interest.

There are only two changes in the teaching force this year.

Following are the teachers: R. E. Burns, Superintendent, Grayling, Mich.; LaVere Cushman, Principal, Grayling, Mich.; Gerald Poor, Social Sciences, Traverse City, Mich.; Rossalin E. Lewis, Science, Gaylord, Mich.; Eva M. Dorr, Commercial, Grass Lake, Mich.; Claire Jacques, English and Dramatics, Marquette, Mich.; Norrine Berry, English, Indian River, Mich.; Josephine Nichols, Latin and French, Lansing, Mich.; Evelyn Thieme, Home Economics, Benton Harbor, Mich.; Ella L. McAllister, Music and Art, Homer, Mich.; Margaret G. Monroe, Physical Education, Rogers City, Mich.; Sylvia E. Bandle, 6th grade, Lambertville, Mich.; Vella Hermann, 4th grade, Grayling, Mich.; Frances Hewens, 4th grade, Ypsilanti, Mich.; Louise Hodgeman, 3rd grade, Lyons, Mich.; Olga Everard, 2nd grade, Ypsilanti, Mich.; Hazel Cassidy, 1st grade, Grayling, Mich.; Margaret Fyvie, 1st grade, McMillan, Mich.; Ina M. Tapio, kindergarten, Calumet, Mich.

All other peddling or vending in parks is prohibited. This change becomes effective August 14th, 1931.

## GEO. N. OLSON PURSUES ROBBERS

GETS BEATEN UP, BANDITS CAUGHT AT ALPENA.

Geo. N. Olson, proprietor of the Rialto Theatre had an exciting experience last Thursday when he tried to apprehend two fellows who had robbed the Golf club of its slot machine and contents.

The men were Adelbert Hoffman and Thomas Nalamyth, both of Saginaw. It is reported that they had been hanging around the club house some time, claiming that they were waiting for relatives. Mrs. William Powell, who was in charge, said that she had been suspicious of them altho they had done nothing that she could take exceptions to.

Early after noon when Mrs. Powell was alone in the club house one of the men suddenly grabbed the slot machine and started for their car. It happened that Mr. Olson and Carl Johnson were just finishing up on the ninth green and they heard Mrs. Powell call that they had been robbed. Both men started in pursuit, Mr. Olson's car being ahead. Down the road the cars sped, the robbers going down State street, crossing the lower bridge and on out past the fish hatchery. Mr. Olson soon caught up with their car and bumped them several times in the rear of their car in an endeavor to turn it over. Finally near Hartwick hill the robbers stopped, rather than be thrown out of the car while it was travelling so fast.

Mr. Olson supposed that Carl Johnson was right behind him but instead he had lost the two cars because of the dust and got onto a wrong road. One of the robbers jumped into Olson's car and Geo. grabbed and held him. In the meantime the other man opened the hood of the Olson car and pulled the wires loose. Just about that time the fellow in the car struck Mr. Olson breaking his eye glasses and cutting one eye. Then both returned to their car and were off.

Of course Mr. Olson couldn't start his car, due to the disconnected wires, so he walked to Henry Stephens's fishing resort and phoned for a car to come after him. It was a plucky attempt on the part of Mr. Olson and also a very dangerous one, for he could easily have been more seriously injured and even killed, depending upon the frame of mind of his assailants.

Mr. Olson remembered the license number on the car and soon Sheriff Bohemeyer was on the job. He communicated with the State Police department at Lansing where the robbery was broadcast by radio. Alpena State police acted at once and caught the men near that city. They were brot to Grayling where they pleaded guilty to a charge of "tampering with a vehicle." The men resided in Saginaw.

Justice Peterson sentenced them to pay a fine of \$100.00 each and costs or go to jail for 90 days. Later relatives from Saginaw came and endeavored to raise money enough to pay up but could muster only \$120.00. On the advice of the Prosecuting Attorney and consent of the Sheriff, Justice Peterson decided that it was better to accept the amount and discharge the men rather than to have to board them in jail for ninety days, adding about \$200 expense to the county.

## ORGANIZE TO FIGHT PROHIBITION

WOMEN'S BRANCH NAT. PROHIBITION REFORM

By Claudine Craig.

Over sixty guests were present at a tea given Monday at the home of Mrs. C. G. Clippert in honor of Mrs. Frederick M. Alger, prominent Detroit society woman, and chairman of the Michigan Branch of the Women's organization for National Prohibition Reform.

Mrs. Alger accompanied by Mrs. Stuart Fraser, also of Detroit, and Mrs. Eugene Smith, of Birmingham, motored from Detroit Monday in an effort to interest the women of Grayling and nearby towns in forming a branch of the Women's organization which is working for the repeal of the Eighteenth Amendment.

In her address Mrs. Alger said, "Conditions are becoming worse every day instead of better. Police and authorities are unable to cope with the situation because people feel that prohibition is an infringement on their personal liberties. Prophecies that were made in 1920 when the Eighteenth Amendment was added to the constitution have not been fulfilled, and after eleven years have proved unprofitable as reported by the Wickersham Committee. The closing of blind pigs and speakeasies does not mean the elimination of drinking, as many believe, but it will mean the end of crime incited by competitive bootlegging. In concluding her address Mrs. Alger said, "The Reform organization is presenting its appeal to mothers in behalf of the young people as the only

## GRAYLING STATE BANK ORGANIZED

ESBERN HANSON, PRESIDENT; JOHN BRUUN, CASHIER.

That Grayling is to have a State Bank is now an assured fact. At least the required amount of stock has been subscribed and the organization is going through the process that is required by law in order to incorporate such an institution, and we have no doubt that the State Banking department will approve of the set-up to be submitted.

A meeting was held Monday night in the Salling Hanson Company offices, when there were twelve men present and eight others represented by proxies. T. W. Hanson acted as Chairman of the meeting and John Bruun was chosen Secretary.

The Chairman stated that, as one of the members of the soliciting committee, he was able to report that the amount necessary, \$30,000.00 had been subscribed. Following is a list of those having subscribed.

Esbern Hanson.  
T. P. Peterson.  
M. A. Bates.  
J. F. Smith.  
Holger Hanson.  
A. J. Nelson.  
Carl W. Johnson.  
A. R. Craig.  
John Bruun.  
Gus Keyport & Clippert.  
George Sorenson.  
C. J. McNamara.  
Fred R. Welsh.  
H. A. Bauman.  
Alfred Hanson.  
George Burke.  
Margrethe Nielsen.  
Nelson Corwin.  
George N. Olson.  
Earl W. Dawson.

The following decisions were unanimously agreed on:  
Name of Bank—Grayling State Bank, to be located at Grayling.  
Capital Stock ..... \$25,000.00  
Surplus ..... 5,000.00

The following Directors were duly elected:  
Esbern Hanson.  
Fred R. Welsh.  
J. F. Smith.  
Holger Hanson (Dad).  
A. J. Nelson.

It is quite decided that John Bruun is to accept the position of Cashier and Manager, that being the unanimous wish of all the stockholders. The location of the new bank has not been definitely decided on, but Esbern Hanson and A. J. Nelson were appointed a committee to get in touch with the Receivers of the Bank of Grayling and ascertain at what price the old bank building can be acquired.

H. A. Bauman and John Bruun were appointed a committee to go to Lansing at the earliest possible date to confer with the State Banking department regarding the application necessary to complete the organization of the bank. In the meantime there will be more or less red tape to unwind before the bank can open its doors for business, however, it is hoped that this can be accomplished within the next five weeks.

and Kelta were taken immediately to the Grayling Mercy Hospital where they are being treated for their injuries.

## PARKED TRUCK CAUSES 2 WRECKS

Two men were injured and two cars wrecked Saturday evening at 10:30 when a Plymouth driven by Farrel Gorman, 18 years old, turned into a ditch in an effort to pass a truck parked on the pavement. The accident occurred on US-27, six miles south of Grayling.

When Gorman attempted to pass the truck which was changing a tire on the highway he was forced to put on the brakes which threw his car and its three occupants over several times before stopping in the ditch. Riding in the Gorman car, besides Farrel were Miss Mary Mahucke, 17, and George Craig, 17, and luckily none of them were injured. A Ford roadster driven by Norman Spatz of Higgins Lake was behind the Gorman car when it passed the truck and collided with the Plymouth when it turned over.

Spatz was thrown under his car, receiving a broken collar bone and minor injuries. Ruasel Kelta of East Lansing, driver of the truck received several fractured ribs. Both Spatz means of promoting the control and regulation of liquor through fair legislation, not prohibition."

Following an open discussion of the Prohibition problem led by Mrs. Alger and Mrs. Fraser the majority of the guests pledged their support to the organization. Among the local women interested in the repeal of the Eighteenth amendment and who plan to form a local branch of the organization are Mrs. Olaf Michelson, Mrs. E. J. Olson, Mrs. George N. Olson, Mrs. Marius Hanson, Mrs. Oscar W. Hanson, Miss Margrethe M. Bauman, Mrs. Ralph E. Roulter, Mrs. Jennie Alexander, Mrs. Thomas Cassidy, Mrs. Louise Connine, Mrs. C. R. Keyport, Mrs. C. G. Clippert, Mrs. George McCullough, Mrs. Emil Neiderer, Mrs. Eva Resgan, and Miss Lucille Hanson.

## CAPONE GOLFERS FIGHTING IT OUT

SIX MEMBERS PUT ON SPOT IN FIRST ROUNDS

"Kingfish" Tetu, "Nervy Jo" Culligan, "Lucky T" Hanson, "Big Bill" Powell, "Blonde Doc" Green and "Law and Order" Insley were put on the spot in the first contests of the "Al Capone" tournament last Sunday.

With the crack of the drivers and the rattle of the irons the battle on the Grayling Golf course raged fiercely Sunday afternoon. It was the first inter-gang war staged in the local golf underworld, and after 18 holes an armistice was declared until next Sunday when the battle will continue among the surviving members.

At 2:00 o'clock the gang gathered at the dug-out and proceeded to pair up for action. No. 1 foursome consisted of "Dug-out Dago", Laurant, "Spony Spike" McNeven, "Lucky T" Hanson and "Blonde Doc" Green. At the finish of the first 9 holes, "Spony Spike" was a loser and had to caddle for "Dugout Dago" for the second nine holes, and "Blonde Doc" did the bag-totting for "Lucky T."

No. 2 foursome was made up of "Law and Order" Insley, "Tiny Doc" Keyport, "Big Bill" Powell and "One Gun Aber" Joseph. This was a tough match especially between "Tiny" and "Law and Order." It was neck to neck to the 7th hole, when "Tiny" put "Law and Order" completely out. "One Gun Aber" wiped "Big Bill" out completely under a heavy fire. "One Gun Aber" said "Big Bill" deserved it as he felt sure "Bill" was a stool pigeon.

In the No. 3 foursome lineup there were "Kingfish" Tetu, "Reckall Joe" McNamara, "Nervy Jo" Culligan and "Blackjack Johnny" Johnson. In this match "Reckall Joe" and "Blackjack Johnny" put "Nervy Jo" and "Kingfish" in the dirt right. "Nervy Jo" started the fight with a lot of punch but his nerves cracked on No. 4 and he was a picture of the depression personified at the finish. However he makes a good caddy and "Blackjack Johnny" recommends him very highly. This cannot be said of the "Kingfish" as "Reckall Joe" says he's about as rotten a caddy as he has ever had the pleasure to boss. "Kingfish" knees gave out on the 18th hole and he could not keep "Reckall Joe's" bag out of the dirt.

Next Sunday afternoon the semifinals and finals will take place with the following lineup:  
"Dugout Dago"—"Big Bill", caddy, vs. "Blackjack Johnny"—"Kingfish", caddy.  
"Tiny Doc"—"Lucky T", caddy, vs. "Reckall Joe"—"Nervy Jo", caddy.

"One Gun Aber"—"Law and Order", caddy, vs. "Spony Spike"—"Blonde Doc", caddy.  
Battle will be called at 2:00 p. m. sharp.

and Kelta were taken immediately to the Grayling Mercy Hospital where they are being treated for their injuries.

Total ..... \$16,655.70

This provides \$17.74 per child of  
school age.

Beaver Creek has 62 children of  
school age; Frederic, 100; Grayling,  
661; Lovells, 28; Maple Forest, 33;  
and South Branch, 62.

The primary money is scheduled  
to be paid to the counties by the  
State department on or before Sep-  
tember 17th. It will certainly be  
very welcome.

## FREE CHEST CLINIC FRI. SEPT. 11TH

Final arrangements have been  
made for the free chest clinic which  
will be held in the Court House at  
Grayling next Friday, September 11.  
The clinic hours will be from 9 a. m.  
to 12 noon and from 2 p. m. to 5 p. m.  
The clinic will be for Crawford  
and Roscommon county residents.  
Persons from both counties who are  
suspected of having tuberculosis will  
be welcome at the clinic for examina-  
tions conducted by Dr. E. R. Van  
der Slice, chest specialist.

This health work is financed by an  
appropriation from the Crawford  
County Board of Supervisors and  
funds of the Michigan Tuberculosis  
Association, secured in the 1930 sale  
of tuberculosis Christmas seals.

Mrs. Erna Wheeler, local Children's  
Fund nurse, will have charge of the  
clinic.

## SCHROEDER FUNERAL LARGELY ATTENDED

There was a large congregation of  
relatives and friends in attendance  
at the funeral of Albert Schroeder  
last Friday afternoon. Services were  
held at the Danish Lutheran church,  
Rev. J. W. Greenwood of Michelson  
Memorial church officiating at the  
services and delivering a most im-  
pressive sermon. Mrs. Roy Milnes,  
Mrs. Harold Jarmin, accompanied  
by Mrs. C. G. Clippert at the  
organ, sang "Asleep in Jesus" and  
"Beautiful Isle of Somewhere" very  
beautifully. Rev. Kjolhede took  
charge of the services at Elmwood  
cemetery, preaching a short sermon  
and the Danish congregation sang a  
couple of hymns over the remains,  
which were borne to the grave by  
eight of the young men's friends:  
Leo Schram, Ronnow Hanson, Ernest  
Larson, Emerson Hoelt, Lyle Milks,  
Adolph Peterson, Grayling; Jess  
Smith, Dearborn; Allen McCready,  
Standish.

Following are those from out of  
town who came to be in attendance  
at the funeral:

Mr. and Mrs. John Doherty and  
daughter Mary, Mr. and Mrs. Harry  
Holmes, Mrs. M. Cohan, West  
Branch; Mr. and Mrs. William Hie-  
key, Saginaw; Mr. and Mrs. Carl  
Sherwood and children, Kalamazoo;  
Mrs. E. L. Noyes, Lansing; Mr. and  
Mrs. Leo White and daughter Joyce  
Jane, Adrian; Mr. and Mrs. C. M.  
Woodbury and daughter Mary Lou,  
Bay City; Mrs. H. D. Krick, Wash-  
ington, D. C.; Mrs. M. Baumgard,  
Jess Smith, Detroit; Mr. and Mrs.  
Allen McCready, Standish.

day-laborer and have found it satisfy-  
ing. It seemed to tell me a strange  
story concerning life. It told me of  
aching body and weary frame. It  
spoke to me of honest toil. It was  
eloquent of long hours of helpful  
work beneath a burning sun. There  
was nothing of perfumed delicacy  
about this hand. It was not moist  
with the sweat of the dissipated life.  
It was a rugged well-formed hand,  
and the feel of it, the grip of it,  
seemed to tell me that back of it  
was character and honesty of pur-  
pose and integrity of soul.  
And Labor Day is reminding me  
of these hands, these hardened hands  
of toil. And the hand-shake which  
I have just received has told me a  
touching story of human struggle.  
Perhaps we have forgotten at times  
the hands of the Carpenter of Naz-  
areth. If we have, let us quote once  
again:  
"The hands of Christ  
Seem very frail,  
For they were broken  
By a nail.  
But only they reach  
Heaven at last  
When these frail, broken  
Hands hold fast."

## GEORGE—BY GEORGE!

(With apologies to Kipling)

When they're robbing everywhere,  
And cruel murder in the air,  
And a dirty job is waiting to be  
done;

When a slot-machine is taken,  
And all nerves severely shaken,  
Then its George you need to chase  
them and be gone!

O its George, George, George,  
they're a-shouting everywhere,  
When the big job needs a-doin'  
and there's robbery in the air!  
When they steal in broad day-light,  
And they give the owners fright;  
And they hurry with their booty to  
a Ford;

And they drive down dusty road,  
Hopping, hopping like a toad,  
Then its George that goes to chase  
them with their load!

O its George, George, George,  
they're a-shouting everywhere,  
When the big job needs a-doin'  
and there's robbery in the air!

When it comes to going fast,  
With sure victory on your mast,  
And a dusty trail needs travelling  
to the end;

When the villains must be caught,  
And arrested on the spot,  
Then its George, courageous hero,  
we must send!

O its George, George, George,  
they're a-shouting everywhere,  
When the big job needs a-doin'  
and there's robbery in the air!

When there's victory to be won,  
And an ugly task soon done,  
And two robbers must be sat upon  
'tote suite';

Then no sheriff need apply,  
For there's blood in George's eye,  
And a demon is our hero on his  
feet!

O its George, George, George,  
they're a-shouting everywhere,  
When the big job needs a-doin'  
and there's robbery in the air!

So you fearful everywhere,  
When there's murder in the air,  
And you need a knight of honor  
at your call;

When there's perilous work to do,  
And your trembling through' and  
through,  
Then you ought to call our hero  
first of all!

O its George, George, George,  
they're a-shouting everywhere,  
When the big job needs a-doin'  
and there's robbery in the air!

—By one of the fearful.

## CELEBRATE GOLDEN WEDDING ANNIVERSARY

Mr. and Mrs. Frank Barber of  
Roscommon, and well known in Gray-  
ling celebrated their golden wedding  
anniversary yesterday surrounded by  
their children and their families.

The wedding dinner and the even-  
ing meal were enjoyed at the State  
park at Higgins Lake and most of  
the day spent there together in cele-  
bration of the happy occasion.

Mrs. Barber was born in Oakland  
county, Michigan, Dec. 2, 1886, and  
Mr. Barber was born in New York  
state Dec. 6, 1856. The latter came  
to Roscommon 54 years ago when  
lumbering was the chief industry in  
these parts. Here he met Miss  
Frances Rodden and they were wed  
in Roscommon on Sept. 2nd, 1881.  
Some time later they settled on a  
farm in Crawford county in what  
was then known as Pere Cheney, re-  
maining there until 1926 when they  
moved to Roscommon.

Mr. and Mrs. Barber were the par-  
ents of eleven children, seven of  
whom survive, and all of them with  
their families were present at the  
celebration as follows: Mrs. Charles  
Corwin, Mrs. Dan Bobbitt, Grayling;  
Fred Barber, Toledo; Espia and  
Claude Barber, Detroit; Mrs. Earl  
Bird, Byron Barber, Roscommon.

Mr. and Mrs. Barber were each  
presented with a gold ring as gifts  
from their children and they received  
other gifts of gold.

There were 48 in all present.

## The Log Office Says

Interesting bits of news and comment about Northeastern Michigan  
gathered by the E. M. T. A.

A comparison of the value of the  
tourist industry in the United States  
with other industries, recently made  
by W. B. Burruss, internationally  
recognized business analyst, reveals  
the following facts:

The tourist business in America is  
six per cent greater than the total  
value of lumber products, is fifty-one  
per cent greater than American oil  
production, eleven per cent greater  
than the total of the American meat  
packing industry, forty-one per cent  
greater than the total of the American  
shoe business and eleven per cent  
greater than the total of the Ameri-  
can clothing business.

Those are interesting figures. Mich-  
igan should swell with pride when it  
realizes it reaps approximately eight  
per cent of all the revenue of the  
tourist business in the United States.

September days with a refreshing  
chill in the air bring thoughts of  
winter. Winter brings thoughts of  
winter sports and winter sports  
bring thoughts of Grayling, Osceola  
and the other places who again this  
year will present a program are sure  
to arouse the enthusiasm of everyone  
who thrills to the call of the cold  
outdoors.

Mrs. Archie Lozon of Maple Forest.  
The affair this year took place last  
Friday night and now just figure this  
out; there were 15 present and Mrs.  
Lozon cooked 150 ears of corn,  
that were eaten, besides all the  
other good things that are always  
found on a farm home table. Besides  
those from Grayling, Mr. and Mrs.  
Victor Peterson of Gaylord were  
among the guests.

## How to get most Arrows for Patron Cards

Each Patron Card must have \$20.00 or more in purchases en-  
tered on it in order to secure Arrows. If it takes only a few pur-  
chases to make up the \$20.00 be sure to have additional purchases  
entered on the card in order to get the bonuses. There is a Trade-  
Around Bonus of ten thousand Arrows for entering purchases from  
five or more Red Arrow Places in different lines of business. Besides  
this there is a bonus of three thousand Arrows for entering ten or  
more purchases on the same card. All purchases made from the  
same Red Arrow Place on the same day count as one purchase. The  
bonuses are very important since both of them together will bring  
as many Arrows as \$26.00 worth of purchases.

## DEPT. OF STATE STATE NEWS BULLETIN

Coleman C. Vaughn, former sec-  
retary of state, is the first man who  
once held a high elective position in  
Michigan to return later as an em-  
ployee of the same state department.

Mr. Vaughn became head of the  
building and loan division of the De-  
partment of State Sept. 1 and in  
that position has active supervision  
of the building and loan business in  
the state. Deposits in the various  
companies throughout Michigan, now  
total about \$167,000,000.

As secretary of state for three  
terms, Mr. Vaughn gained the con-  
fidence of the people of the state and  
he has retained his interest in state  
affairs by being a member of the  
state prison commission. This post  
he has resigned, since accepting the  
building and loan appointment. As  
president of St. Johns building and  
loan association for 25 years, he  
has an intimate knowledge of the  
business.

Michigan corporations will lose  
their corporate powers unless the  
yearly corporation tax is paid by  
Sept. 10, it was announced by the  
Department of State.

The law which demands that the  
tax be paid by Sept. 1 also provides  
for a 10-day period during which the  
tax can be paid without penalty.

Although a complete check has not  
been made as yet, it is estimated  
that over \$5,000,000 was received  
by the state from corporations dur-  
ing the week ending Tuesday. While  
exact figures will not be available for  
a week, indications are, it is said,  
that the decrease in the corporation  
tax will not be as great as was  
anticipated.

## Too Much ACID

MANY people, two hours after eat-  
ing, suffer indigestion as they call  
it. It is usually excess acid. Correct  
it with an alkali. The best way, the quick,  
harmless and efficient way, is Phillips'  
Milk of Magnesia. It has remained for  
50 years the standard with physicians.  
One spoonful in water neutralizes many  
times its volume in stomach acids, and  
at once. The symptoms disappear in five  
minutes.

You will never use crude methods  
when you know this better method. And  
you will never suffer from excess acid  
when you prove just this easy relief.  
Get genuine Phillips' Milk of Magne-  
sia, the kind that physicians have  
prescribed for over 50 years in correcting  
excess acid. Get a bottle—any  
drugstore.

## National Government Under MacDonald Supplants British Laborite Cabinet—Gifford Organizes Campaign for Relief in America.

By EDWARD W. PICKARD

**G**REAT BRITAIN'S economic and financial crisis has resulted in the formation of a national coalition ministry which is expected to hold office for only a few months and in that time to work out the grave problem of balancing the budget. Prime Minister MacDonald found himself caught between the two fires of the demand by the Conservatives and Liberals for reduction of the debt and the absolute refusal of the trades union congress to accept that expedient for the financial relief of the country. Eight members of his cabinet of Laborites resigned, so Mr. MacDonald gave up the struggle and hurried to Buckingham palace where he was handed the King George the Fifth's commission as prime minister. The king, who had evaded him from Scotland, called Stanley Baldwin, the Conservative leader, and Sir Herbert Samuel, acting leader of the Liberals, into conference and it was decided that a national government should be formed.

At the suggestion of Mr. Baldwin, Mr. MacDonald was persuaded to resume his place as prime minister, and a cabinet, small as in war-time, was selected, these being the members: Laborites—Mr. MacDonald, Philip Snowden, J. H. Thomas, and Lord Sankey. Conservatives—Stanley Baldwin, Neville Chamberlain, Sir Samuel Hoare, former chancellor of the exchequer, and Sir Philip Cunliffe-Lister. Liberals—Sir Herbert Samuel and the marquis of Rending.

Eight other ministers without cabinet rank were appointed.

In a radio address Mr. MacDonald defended the proposed reduction of the debt.

Mr. MacDonald is denounced in some Labor circles as a traitor, and elsewhere is being hailed as almost a hero. He seemingly has sacrificed his personal ambition and perhaps his political future to help his country out of its financial straits.

The London Daily Herald, chief organ of the Labor party, charges that the fall of the Labor government was dictated by the United States Federal Reserve bank. A condition to the granting of further credits, it says, was a drastic reduction in the debt. This was flatly denied by Snowden and others. High officials in Washington said they had not heard that an additional loan had been asked of the federal reserve system by the British government. It was their belief that the coalition ministry would be able to rescue the nation from its difficulties.

**W**ITH headquarters in the great building of the Department of Commerce in Washington, Walter S. Gifford, head of the American Telegraph and Telephone company and now director of national relief, is rapidly setting up his organization for the strenuous work of combating unemployment and distress throughout the country. His able assistant is Fred C. Croxton, acting chairman of the emergency committee on unemployment which has been busy since last fall gathering information. And the 52 members of the advisory committee named by President Hoover, representing all sections of the land, are rendering such service as they can. Then, too, there are many capable volunteers, and also hired experts to handle technical matters in connection with the great campaign for funds that is planned.

Mr. Gifford spent the week end with Mr. Hoover at the Rapidan camp and they discussed the problem thoroughly in all its phases. The President received telegrams from Governor Emmerson of Illinois, Ralph of California, Tudor of Maine and William of New Hampshire and from other individuals assuring of their cooperation with the relief work. Governor Roosevelt, of New York, sent a message concerning unemployment to the state legislature which met in special session primarily to handle other matters.

Plans worked out by the President and Mr. Gifford call for complete organization of the entire country for the relief task the nation must face this winter. All relief agencies are to be welded into one system so there will be no duplication of effort and no section of the country will be neglected. Under the direction of the Washington organizations communities which have not yet begun to prepare for the winter are expected to make new efforts to obtain funds with which to supply local needs.

The President and Mr. Gifford were in agreement that the relief load must be carried by combined state and community effort. While the federal government will aid in organizing relief activities and in the drive for funds, every attempt is to be made to frustrate all attempts to pass "dole" legislation.

Senator Cassens of Michigan has generously offered to donate \$100,000 to the Jobless of Detroit providing \$50,000,000 can be raised from other sources.

**S**EVERAL congressmen, speaking on behalf of American shipping interests, are protesting against the deal made between the federal farm board and the government of Brazil, because the 25,000,000 bushels of wheat which will be traded for coffee will be transported to Brazil in Brazilian vessels. Chairman Stone of the farm board said nothing could be done about it, as the negotiations had been closed. Representative Frank L. Bowman of West Virginia declared the action of the board in allowing Brazil to arrange the transportation was a "colossal economic blunder" and in violation of the spirit of the merchant marine act. The American Steamship Owners' association sent a protest to President Hoover.

Probably, as Mr. Stone says, nothing can be done in this instance, but it is more than likely that if the board makes sales of wheat or cotton to China and other countries, American shipping interests will be protected.

**E**VERY family man employed by the Ford Motor company at Iron Mountain, Mich., will have to cultivate a garden next year if he expects to retain his job. Such is the edict of Henry Ford, who thus hopes to relieve his employees from the effects of the temporary business depression. He believes other companies throughout the country will take similar measures. He has been studying the problem while on a tour of inspection and is convinced there is no use trying to help men who do not try to help themselves by raising vegetables for their families.

"When the people of our country learn to help themselves they will be benefited far greater than they would be by unemployment insurance, as is being suggested by congress," Ford said. "If our agriculture plans are adopted throughout the country such a thing as the dole system need never be thought of."

Family men who have no available space for gardening, Ford said, would be supplied with land by the company, which would provide expert advice for those not familiar with garden work. He added that an investigation would be started soon to determine which of his employees needed instruction.

**T**HERE were indications that the campaign in the Southwest to force the price of crude oil up to \$1 a barrel would be successful, but the fields of Oklahoma and east Texas were still kept closed to light by the militia and those of Kansas were shut by order of the state public service commission. Several big oil companies made overtures to Governor Murray and Sterling, but both said the oil would stay clamped down until all the major purchasers met the price of \$1 a barrel. Meanwhile the prices paid for oil moved steadily upward in the states named, and also in Montana, Wyoming, Colorado, New Mexico, Louisiana and Arkansas.

California refiners profited by the shortage caused by the shut down, shipping gasoline in large quantities to the east coast. A curtailment program is in effect there too, and producers are drawing from their storage tanks to supply the eastern markets.

**D**AY by day the flood disaster in central China grows worse. Disasters deserve the terrible conditions in the valley of the Yangtze where all the country except the hills is under water, junka sailing unobstructed over hundreds of towns and villages. Doomed thousands of the inhabitants have drowned and hundreds of thousands of others are starving or dying of pestilence. On every bit of land that is still unobscured by throngs of refugees without food, drink or shelter and most of them beyond help. The three great cities of Hankow, Wuchang and Yangtze are in desperate straits; threatened with complete destruction, and Anking, Kueikang and other cities are little better off. The tea crop of central China has been utterly ruined.

Survivors of the recent floods in Vera Cruz, San Luis Potosi, Tamaulipas and Guanajuato, Mexico, are now confronted with worse horrors than drowning. With the receding of the waters has come an outbreak of yellow fever, dysentery and other diseases; and as if this were not enough, hordes of snakes are traversing the mud covered lands, attacking everyone in their path.

### GAS CELLS IN RIGID SHIPS

Although the original thought was to make the gas cells in the Akron of goldbeaters' skins, one half of them in the new dirigible have been made of rubberized fabric. A synthetic process has been developed for making a substitute for goldbeaters' skins, which has been tested in the cells of the Los Angeles and found successful. The expense of goldbeaters' skins is very great, and in addition to the expense would be extremely difficult to obtain in large quantities. It has been estimated that about 1,000,000 goldbeaters' skins would be required for the Akron, which would take the output of the Chicago stockyards for several weeks. Each skin is about 15 inches long and is taken from the lining of the stomachs of each cow.—Navy News.

**N**EW YORK city, aroused to fury by the exploits of its gangsters which rival or surpass those of Chicago's gunmen, has started on a campaign to rid itself of those thugs. The police force was told to arrest all known or suspected criminals. A great mass meeting was held in Madison Square garden and the speakers, who included Bainbridge Colby, blamed prohibition and crooked politicians for the gang outbreaks. The city administration was bitterly denounced, Mayor Walker coming in for some hard slaps.

**O**PPONENTS of prohibition are rejoicing in the acquiescence of an important recruit to their ranks. He is Samuel Vauclain, steel magnate and locomotive builder, one of those captains of industry whose opinions are generally held in high respect. For years Mr. Vauclain has been a strong supporter of the dry law on economic grounds and because it abolished the saloon. But he now declares the speaker has nullified the benefits of the law, the attempts at enforcement are failures, and the Eighteenth amendment should be repealed. The national treasury should collect much of the millions now going to the bootleggers, Mr. Vauclain avers, and he supports, to some degree, Senator Morrow's plan which would restore to each state the power to enact its own dry laws.

Somewhat the same plan was advocated by Senator Robert J. Bulkley of Ohio in an address before a big Democratic rally in Kenton, Ohio, in which he declared the right to control liquor traffic should be returned to the sovereign states. Outlining a plan for resubmission of the Eighteenth amendment to the states, Bulkley said he hoped such a plan would be placed before constitutional conventions rather than state legislatures. He urged a plank for the Democratic party "which would take prohibition out of national politics once and for all."

Incidentally, Senator Bulkley is still looked upon as a possibility for the Democratic nomination for President. SIDRO AYORA, President of Ecuador since 1928, resigned immediately after his cabinet quit their posts as the aftermath of a "peaceful revolt" among the officers of the Chiriqui garrison. Before stepping down, Ayora appointed Col. Larrea Alba as minister of government and he assumed the Presidential powers in accordance with the constitution. Ayora took refuge in the United States legation in Quito.

**T**HREE hundred economists, industrialists, labor leaders and government officials were present when the world social economic congress began its sessions in Amsterdam, Holland. In the chair as presiding officer was C. H. Van der Leeuw, an eminent Dutchman who is president of the International Industrial Relations association. There were delegates from 20 countries, 35 of them representing the United States.

The topic for the first session was "The Present Paradox—Unemployment in the Midst of Economic Progress," and to start with, a five-year world prosperity plan was outlined by Dr. Louis L. Lorwin of the Brookings Institution in Washington. He said that a general five-year moratorium on all war debts and reparations payments was the first necessary step to give the world a breathing spell from what he termed its most aggravating and dangerous post-war problem. Such a moratorium would leave open final settlement of the debts and reparations question, he said, but the presumption would be in favor of further extending it, and a final cancellation if the effects proved as beneficent as expected.

An entire session of the congress was devoted to hearing first hand reports from the Union of Soviet Socialist Republics concerning the experience of the Russians in economic planning.

**P**ROHIBITION DIRECTOR WOODcock, after investigation of charges, has ordered all dry agents to cease the employment of women in gathering evidence, either as informers or companions. He says it is unnecessary, thereby disagreeing with McCampbell, the New York enforcer.

**C**OLONEL and MISS LINDBERGH arrived safely at Kasugakura naval base in Japan, near Tokyo, and proceeded to the capital where they were accorded a tremendous welcome by government and citizenry alike. They planned to remain in Japan about two weeks and to fly from there to China. Afterwards they may go on to Manila, and it is thought they are likely to continue on around the world. However, the colonel declared in Tokyo they had no fixed plans.

### NEW NAVY TELESCOPE

A telescope expected to have the greatest photographic power of any in existence, though less than half the size of the 100-inch telescope at Mt. Wilson, Calif., is being built for the U. S. Naval Observatory. With a mirror only 40 inches in diameter it is designed to explore space to a distance of 1,500 million light years, the limit of the largest telescope's penetrating power, and to do the exploring more accurately than ever before.—Navy News.

## AM. LEGION NOTES

BY A. H. GANSER

Just Fifteen Years Ago.

The fourth week in August, 1916, had all the world on tiptoe of expectation. The World war had entered its third year that very month, and some decision soon, seemed inevitable. The more, since Roumania had joined Britain, France, Italy, Russia, Japan, Belgium and Serbia in their war against Germany, Austria, Turkey and Bulgaria. The mid-summer of 1916 had brought good tidings from London, Paris, Rome and Petrograd. On all four battle fronts, the allies were slowly but surely crushing the central powers. Austria-Hungary, assailed again by Russia from the northeast; by Italy from the southwest; and threatened by the allied armies and fleet from Salonika in Greece and Macedonia from the southeast, seemed doomed. America and the neutral world, had been hearing for several years now, how the British blockade was slowly but surely starving Germany. And American military observers had for more than a year been predicting the complete collapse of Austria, whose people of Slav blood, refused to fight against the Russian blood brothers. And now Roumania was coming, due west, over the Transylvanian Alps, with 500,000 fresh troops. These Roumanians had been drilling and training for more than two years. They were keen to redeem their blood brothers in the eastern plains of Hungary. On their right, a victorious Russian army under Gen. Brusiloff was again driving the Austrian armies back toward the Carpathian mountains. Meanwhile great Russian armies were holding Hindenburg and Mackensen from the Baltic Sea to the Pripiet Marshes, and in France the British and French were winning on the Somme.

The Roumanian Episode  
So in this fourth week in August, 1916, Roumania held the World war stage. Surely Germany could not hold the French in the great battle of Verdun, or the British in the greatest battle in British history along the Somme river front, and also send aid to defeated Austria. But that is exactly what happened. And the Germany thought beaten in August, 1916, was found fighting desperately two whole years later, with our own United States adding our fleet, our troop transports, two million fresh troops; with all the arms, munitions and war equipment that American industry could supply, under war need pressure. Michigan National Guardsmen were then on duty along the Mexican border, and some were still training up at Grayling.

But with all the allied war information at their right hand, some none dreamed that within seven months our own country would be in the World war, and they on their way to France, Belgium, Italy and farthest north in Russia. In this fourth week in August, 1916, all this was mercifully hidden from America and the neutral world. In that hour, only Germans seemed to have known the inner weakness of the Russian government. Hindenburg had urged Germany to hold fast in France and Italy, and to concentrate against this weakened Russia, lest she recover from her many defeats in 1915. Then Roumania could be won for the German side. He had been overruled by Falkenhayn, Tirpitz and the war party of the crown prince. They were cooing a thrust at Verdun early in 1916 would bring France to her knees, for Britain was not yet quite ready for a major offensive on land. Then the crown prince had frittered away the victory possibilities in February and March, 1916, at Verdun. Now, here was Roumania bringing 500,000 fresh troops against Germany. And these Roumanians were inspired by the prospect of great gains for their fatherland, once victory came to their side.

**Germany's Remarkable Recovery**  
The crown prince flared at Verdun, the Russian recovery, and the entry of Roumania into the World war on the side of the allies, had quick reactions in blockaded Germany. Tirpitz and his unlimited submarine warfare agitators, were quickly cast into momentary oblivion. Germany could not, in that hour, risk war also with the United States. At home the presidential election was attaining fever heat, behind the 1916 election slogan: "Woodrow Wilson kept us out of the war." So the high tide of allied war fortunes in Europe and Asia, climaxed by the entry of Roumania with another half million men against stricken Austria, came at an opportune time for the administration at Washington. In Germany, Falkenhayn lost his job, and became a mere troop commander. He admitted his fault in allowing Russia to recoup her 1915 losses, and so bringing Roumania against his side. He asked to be allowed to fight against the Roumanians, and his request was granted. Over in London, Winston Spencer Churchill gave this estimate of the World war situation in Germany in that hour. Roumania's entry came as a great shock to war weary Germans. A spontaneous movement of anger and disgust swept over the dual empires, whose position at this juncture was indeed most critical. The battle at Verdun was still making big inroads upon German resources of men, money and munitions. The battle of the Somme was in full blast. The British, underdressed by the big losses, continued to throw fresh divisions into that sanguinary struggle. The strain of the naval blockade and the battle losses in the west, was intense. Austria was on the brink of collapse. Scores of thousands of Bohemians surrendered, and joined the Russian armies in a body. The vital granaries and oil fields of Roumania were lost to Germany. All seemed lost. But

## 50-horsepower 6-cylinder 109" wheelbase 1/2-ton capacity CHEVROLET TRUCKS priced as low as \$440\* complete with Chevrolet-built bodies

Illustrated at the right are some of the half-ton models included in Chevrolet's complete line of trucks—which consists of 1/2-ton and 1 1/2-ton models in three wheelbase lengths.

Take the question of first-cost—and you learn that the Chevrolet Six is one of the lowest priced trucks you can buy!

Investigate economy—and you discover that the Chevrolet Six is more economical to operate than any other truck, regardless of the number of cylinders.

As for speed and power, Chevrolet gives you a six-cylinder 50-horsepower engine—25% more powerful than the engine in any other truck in the lowest price field.

And when you consider capacity, you find that Chevrolet's longer wheelbase, sturdy frame and long springs permit the mounting of extra-large Chevrolet-built bodies.

Before you buy a truck for any purpose, check up on these facts about Chevrolet's complete line of six-cylinder haulage units. Your Chevrolet dealer can supply full information.

## BIGGER DISPLAY OF LIVESTOCK AT STATE FAIR

EARLY STEPS ARE TAKEN TO BUILD UP THIS MAJOR DEPARTMENT

In line with the greatly broadened outlook this year of the Michigan State Fair and Exposition, now the official title of the annual state exhibition, efforts directed toward a pronounced revival of interest among representative livestock breeders and exhibitors promise a wider range of entries than ever before achieved.

Outstanding business and industrial leaders of Detroit having aligned themselves solidly behind the whole fair project, which has been enlarged to embrace a fascinating display of Michigan's "foremost" manufactured products, a minimum attendance of half a million is now assured. Plans for the 82nd anniversary of the state fair to be held Sept. 6 to 12, inclusive, offer so much of interest to every visitor, whether from the city or farming community, man or woman, boy or girl, that the event really will constitute more than two score shows combined in one huge enterprise.

With the working model of Michigan industries, more comprehensive livestock exhibits, special attractions galore and a premium list that totals \$96,324, there is every reason to believe, according to Secretary John L. McNamara, that the 1931 fair will set a high water mark of success.

Conferences already held by members of the fair board, associations of stockmen and members of the advisory group augur well not only for their exhibits this fall but important strides in years to come. Matters such as premiums and better facilities for exhibitors will be taken up from time to time, with every viewpoint taken into consideration.

### Exercise to Develop Pivot

IF ONE wishes to learn the secret of good golf he should learn how to pivot. This means a good healthy exercise every night and morning. Stand before a mirror so you can watch the operation carefully. Place both hands on the hips. The feet are of course spread apart as in the golf stance.

Turn the body around so that the left elbow points directly out in front, then pivot completely around the other way so the right elbow is in front. Hold the stomach in. This is also very good for a reducer and will take off weight rapidly if anyone prolongs the exercise.

## WHEN BABIES FRET

THERE are times when a baby is too fretful or feverish to be sung to sleep. There are some pains a mother cannot pat away. But there's quick comfort in Castoria.

For diarrhea, and other infantile ills, give this pure vegetable preparation. Whenever coated tongues tell of constipation; whenever there's any sign of sluggishness. Castoria has a good taste; children love to take it. Buy the genuine—with Chas. H. Fletcher's signature on wrapper.

## Most Unfortunate of Families

Here are Mr. and Mrs. Theodore Brenner of Mariners Harbor, Staten Island, with two of their ten children, Frank and Rudolph, twins. Brenner lost his job when he broke his arm; the family was evicted from its home for non-payment of rent, and food ran low. A ten-month-old baby died of sunstroke and another youngster was rushed to the hospital, victim of infantile paralysis. Two other children were stricken with paralysis. Now the Brennens have no food at all, no home and jobs are impossible to find.

## Interesting Events In Grayling 23 Years Ago

INTERESTING ITEMS OF NEWS GATHERED FROM THE FILES  
OF THE AVALANCHE OF 23 YEARS AGO.

Thursday, September 3, 1908

Mrs. Leighton has returned from a delightful three weeks outing at the Sea.

Mrs. A. J. Stilwell is spending the week here with old time friends, a welcome visitor.

Harry Oaks has come to Detroit to attend the Landis School of Engraving.

The editorial home is made glad this week by the presence of Mrs. Homer Harwood, of Warren, Mich.

F. O. Peck thinks his flower garden beats them all. He has a sunflower over eleven feet high, with over sixty blossoms. Send the news to Kansas.

The Board of Supervisors are in special session today, to take needed action regarding the building of a county poor house, which is so much needed. It is hoped that the work will be started at once.

Eight cans of baby bass were received here last week, and planted in Portage Lake.

Threshers are busy in Maple Forest. Grain is a fair crop considering the dry weather we are having.

Prof. Clark is justly proud of the Citizens' Band, and the members are proud of the leader.

Fire is doing a lot of damage in Maple Forest. The Glenner were out Saturday and Sunday protecting their hall.

R. D. Conine and family are home from their visit at Traverse City and say it would have been all right if the road had been sufficiently sprinkled for the return trip.

The exceeding drouth is being felt not only by its effect on crops, but large damage is reported in different parts of the county, especially in the eastern part of Maple Forest. All are praying for rain.

The railroad bridge over the East Branch on the Lewiston branch, was burned out Saturday night, so the excursion train Sunday morning was obliged to return here. It was a small structure and tramps are now running.

Street Commissioner Nelson has received eight cars of gravel which he is distributing on Norway and Cedar streets, where it is most needed. The work on Michigan Avenue will probably begin this week, and all will say good.

Our band was sent for a while at Lansing, by the management, who had an official photograph of the group taken on the steps of the Capitol.

The following delegates to the county convention were elected at the Maple Forest republican caucus last Saturday: Frank Harwood, Jas. K. Bates, G. F. Owen, Ray Owen, W. S. Chalker, Ed. Chalker, Carlos B. Johnson, Arnold Johnson, W. T. Kirby and Jos. Simms.

J. K. Bates and family of Maple Forest have been having a strenuous time of late, which they enjoyed. Mrs. Harry Pond and family have been there for a visit, and Master George Hoyt of Gaylord, 11, and

James Bates, son of Henry, of the same age, made a full team which took both grandparents to manage.

The Citizens' Band desire to return their thanks for the generous contributions of our citizens, which made it possible for them to attend the Band Tournament at Lansing last week, and assure all that they fully appreciate the courtesy. They were royally entertained by the citizens of the Capitol City and given quarters at one of the leading hotels, and presented with six fine music stands for coming the longest distance of any band present.

Maj. M. J. Phillips of Owosso came up from Owosso Saturday for a few days visit and to go home with his wife, formerly Miss Nettie Robinson, who had been visiting her family here and at Cheboygan for the past three weeks. Maj. Phillips has won his stripes in the national guard, of which he is an enthusiastic member, and at the same time is gaining literary fame. His last effort is "In his Country's service," now being published in serial form in the Guardsman, and will appear later in book form.

There is an immense weight of machinery already unloaded at the Turpin plant and more to come. The boys who work there, who are novices in regard to the manufacture, are trying to solve the problem of by-products, and wondering in what way they will be applied to raising of hogs, which is proposed as one of the industries, in a small way.

School opened Monday, with an enrollment of 856 pupils. The terrible weather and the fact that a number are yet away on their vacation accounts for the smaller number, but all will be there and more than last year. The following teachers are in their respective rooms:

Supt.—J. E. Bradley.  
Asst. Supt.—Miss Bell.  
9th and 10th grades—Miss O'Callaghan.

8th grade—Miss Amy Irving.  
7th grade—Mrs. Katherine Winnie.  
6th grade—Lizzie Thompson.  
5th grade—Miss Kinney.  
4th grade—Alvretta Irving.  
3rd grade—Miss Hoyt.  
2nd grade—Gertie Thompson.

Lovells Locals  
(23 Years Ago)

Mr. Boutell came up from Saginaw Sunday with his automobile, in nine hours.

Dr. Underhill sold 240 acres of land on section 9 and 10 to a party in Syracuse, N. Y.

David Black, who has been looking over his real estate here, returned home Thursday. He is well pleased with this county, after examining the crops.

Mr. Pierce and his bride, nee Iva Rosier, returned Saturday. We failed to mention their wedding, which took place about three weeks ago. We were not invited and that accounts for this late notice.

Mrs. E. S. Houghton, who has been having a serious time with her finger, is much better.

was found to the Bureau's office at Ann Arbor, Michigan.

All of the bottles were released from June 17 to August 17. To August 22, 93 bottles had been recovered, giving considerable information concerning currents of the Lake.

The purpose of the investigation is to determine the various surface current tendencies of the Lake. The information will be of service not only to commercial fishermen along the lake, but to navigation as well.

The 200 mile journey of one bottle from St. Joseph to Leelanau county is the longest taken by any of the released bottles. One other bottle, thrown into the water 52 miles from Chicago on the route to St. Joseph was found 24 days later seven miles south of Manistee.

## Polo Each Night At Horse Show; Invite Consuls

Spectacular riding by a world famous army jumping team, a polo tournament with two champions to be played nightly for a trophy to be presented by the Cavalry Club of Michigan and a special program for Consular Corps Night, when 31 nations will be represented by their diplomatic officers in full dress uniforms are among additional highlights prepared for the Horse Show at the enlarged Michigan State Fair and Exposition, Sept. 4 to 12.

The Detroit Symphony Orchestra, in addition to its afternoon concerts each day in the grove, will provide the musical background for the colorful Horse Show events.

As the curtain raising feature each night at the Horse Show, royalty of the livestock world valued at \$2,000,000 will parade. Opening with a general display of the finest specimens in the various departments at 7:30 p. m., Monday, September 7, there will be a review of the bluebloods of the draft horse, best and dairy cattle divisions on following nights at the same hour, climaxed by a grand march of champions Friday evening, Sept. 11.

Entries in the draft horse department this year are said to be more than double those in 1920, while the livestock holdings are the heaviest in fair history.

Special rates offered by railroads entering Detroit are expected to prove an important factor in promoting a record breaking attendance, while steps have been taken to assure the convenience of outstate visitors arriving to the fair.

## NOTED BALLET IN "THE AWAKENING"

CAST OF 300 TO PRESENT SPECTACLE ON MAMMOTH STAGE AT FAIR

On a mammoth stage extending 300 feet in front of the grandstand a cast of 300 persons featuring the famous Pavlov-Oukrainsky ballet will appear in the great outdoor spectacles, "The Awakening," at the Michigan State Fair and Exposition, Sept. 4 to 12, in Detroit.

Colorful scenes wrought by the latest advancements in electrical lighting, beautiful costumes, giant sets that tower more than 40 feet in the air, soloists who have been started with the Chicago Civic Opera, Los Angeles opera and on world tours, and a pyrotechnic display that baffles description enter into the production.

"The Awakening" carries one from the creation through the awakening of Christianity, the discovery of America, the liberation of the slaves, in which a most faithful likeness of the martyred president, Abraham Lincoln, is seen, the fashioning of the first Stars and Stripes by Betsy Ross and other landmarks of history down to the awakening of the "jazz era."

To transport the scenery, electrical effects and costumes for "The Awakening" to the state fair four railroad cars will be used. In preparing the infield of the race track for the spectacle the whole ground will become a mass of cables, powder and dynamite stores and vast settings of fireworks, all controlled from a single switchboard.

In the grand finale of the production, which will be held over for the Chicago Pageant of Progress after this year and which plays but five days in the country, the heavens burst into a mass of color as though one were viewing a skyful of Christmas trees.

## CHAIN, GROUP AND BRANCH BANKING

Bankers' Commission Describes Differences Among Various Kinds of Multi-Office Banks.

THE Economic Policy Commission of the American Bankers Association has made the following statement on various types of banking systems operating through more than one office:

"We find that there are recognized in the banking world three types of multiple banking organizations, namely, chain bank systems, group bank systems and branch bank systems. They are alike solely in respect to the fact that each embraces under some form of common control or influence two or more banking places, but have the similarity stops since there are essential differences in organization and administration, especially as between branch banking and the chain and group forms.

"Chain banking is recognized as probably the least definite form of multiple banking organization. Generally speaking, this term refers to merely a string of individual separately chartered banks owned or controlled through stock holdings by one or more common individuals, sometimes without public knowledge of the common ownership. Frequently, the controlled banks are not administered as a coherent whole under the guidance of a central, publicly known head office, but rather each bank is run as a separate unit bank in accord with the wishes of the dominant interest. In some cases, however, there is a central, publicly known control with a head office that formally supervises the operations of all the banks controlled, and this is perhaps the more desirable arrangement. It lacks, however, the definite legal responsibility that a corporate head organization would have. Each bank is a chain system operates under its own capital and there is ordinarily no binding relation among members of the string.

Group Responsibility

"Group banking, on the other hand, is a system in which, while the member banks are separately chartered and operate as individual units with their own capital, control is exercised through a publicly known corporate organization under the direction of a responsible head office. It openly holds stock control of the member banks and is morally and legally responsible as the chief stockholder for their administration and the satisfactory share of their liabilities. An essential feature is the fact that an organization of this kind is publicly known, which creates a large degree of responsibility to public opinion. This is true because anything of an undesirable nature developing in one member of the group would create public distrust of the whole group. Therefore its sense of self-preservation as a group, if nothing else, tends to make it enforce standards of conduct throughout the members of the group and to assume responsibilities for them beyond what mere legal responsibilities would bring about.

"Branch banking is completely distinct from the two foregoing forms of multiple organization in that it does not consist of a string, chain or group of independent banks, for there is only one chartered bank in a branch organization and the extensions from it are all in the form of sub-offices without separate capital or corporate existence. For everything that is done through these offices the bank itself is just as responsible legally and in every other sense of the word as though it were done over its own counters in its head office."

## In Putting, Keep Weight on Left Foot

WHEN Walter Hagen sets himself for a long putt, one watching from the edge of the green has the feeling that he is going to sink it. Walter certainly looks businesslike; he is at least prepared to give the ball a chance. He may have faults through the green, but making a chronic habit of stopping short of the cup is not one of them.

Notice any photograph of Walter in a putting stance and you will see that he is posed with the weight on the left leg as it should be. This means that there will be no underswing on the ball. The ball will run without a drag, especially if it is played off the left heel.

## Don't Get Up Nights

Make This 25c Test

Physic the bladder easily. Drive out impurities and excessive acids which cause irritation that results in leg pains, backache, burning and getting up nights. BU-KETS, the bladder physic, containing bichloride, juniper oil, etc., works on the bladder pleasantly and effectively, as castor oil on the bowels. Get a 25c box (16 grain size) from your druggist. After four days, if not relieved of getting up nights go back and get your money. You are bound to feel better after this cleansing and you get your regular sleep. MAC & GIDLEY, Druggists.
